Attachments: Proposed Solid Waste Rules 04 04 19.pdf

Attached please find comments submitted today to the Alabama Department of Environmental Management (ADEM) by the Ashurst Bar/Smith Community Organization in Tallassee, Ex. 6 Personal Privacy (PP) and Black Belt Citizens Fighting for Health & Justice in Uniontown expressing strong opposition to proposed amendments to the Alabama Administrative Code, which would extend the maximum duration of solid waste landfills from 5 to 10 years. Among other things, this proposal will limit opportunities for public participation. We hope you will take these concerns into account in any further discussions between EPA and ADEM regarding what we believe is ADEM's failure to comply with the fundamentals programmatic requirements of Title VI and EPA's regulations, found at 40 CFR Part 7.

Best,

Marianne
